

BEN HUDSON

INSTRUCTIONAL DESIGNER | Learning strategy · eLearning · Curriculum · Simulation

Ottawa, Ontario · b3nhudson@gmail.com · [LinkedIn](#)

PROFILE

Senior instructional designer and education specialist with more than ten years' experience designing evidence-informed, simulation-based and digital learning for professional audiences across healthcare, higher education, the public sector and international development. I translate complex expertise into structured learning, practice, assessment and evaluation, then carry the work through development, LMS implementation, quality assurance and revision.

10+ years

instructional design

7 years

developing eLearning

48

actor-based simulations

90

classroom-ready activities

CORE CAPABILITIES

- Learning strategy and curriculum architecture | Scenario, simulation and structured practice
- SME and stakeholder collaboration | Assessment, rubrics and feedback systems
- Storyboards, scripts and multimedia assets | LMS implementation, testing and quality assurance
- Facilitated, blended and self-directed learning | Evaluation, documentation and continuous improvement

SELECTED PROFESSIONAL EXPERIENCE

Research Associate / Instructional Designer | Children's Hospital of Eastern Ontario Research Institute | 2020–Present

- Lead instructional design for in-person, webinar-based and self-directed ADHD diagnostic-interview training for healthcare professionals.
- Translate clinical expertise into measurable outcomes, learning pathways, design documents, storyboards, scripts, practice activities, assessment points and learner resources.
- Designed 48 actor-based video simulations supporting branching, diagnostic rating, structured practice and troubleshooting.
- Lead interactive web-based training development with higher-education instructional design teams, aligning content, practice and assessment in Brightspace.
- Test learning flows, completion logic, media behaviour and assessment functionality; document issues and coordinate fixes.
- Coordinate formal evaluation, including non-inferiority studies comparing group-based and web-based simulation training models.
- Manage international training and research collaborations across China and the Gulf, coordinating adaptation, delivery and evaluation processes.
- Maintain templates, course assets, learner and facilitator resources, change logs and documentation to support consistent revision.

CURRICULUM, BLENDED LEARNING AND FACILITATION

Freelance Instructional Designer / Curriculum Developer | Theatre for a Change, UK | 2019–2022

- Led curriculum development for the UK FCDO-funded Leave No Girl Behind programme, producing complete Girls' Club manuals and facilitator materials.
- Developed a Life Skills activity manual for Malawi's Ministry of Education containing 90 classroom-ready participatory activities.
- Developed curricula for GIZ-funded programmes addressing sexual and gender-based violence in disaster and emergency contexts.
- Updated training manuals and produced take-home workbooks and self-study materials, including original artwork.

Instructional Designer | Refugee Hub / Global Refugee Sponsorship Initiative | Jan–Jul 2019

- Designed blended online and in-person training for community-based refugee sponsorship with Refugee Hub, UNHCR and IRCC stakeholders.
- Partnered with an IRCC content expert to translate complex requirements into clear, usable learning materials.
- Developed graphics and a consistent visual language to improve usability and learner experience.

EARLIER EDUCATION AND LEARNING WORK

Monitoring, Evaluation and Learning Advisor | WUSC / Uniterria, Tanzania | Oct–Dec 2018

- Supported qualitative and quantitative assessment tools, research proposals and research contracts; drafted the annual report and strategic plan.

International Trainer and Curriculum Developer | VSO / Theatre for a Change | Jan–Apr 2018

- Designed curriculum and delivered a three-week facilitator programme for 20 youth peer educators with the Red Cross and FLAS in Eswatini.

Curriculum, Training and Assessment Advisor | Theatre for a Change, Malawi | 2014–2016

- Designed and implemented an organisational curriculum-development process using ADDIE, producing manuals, workshop plans and learning materials.
- Developed study guides and workshops, facilitated staff, community and teacher training, and administered the organisation's LMS.
- Project managed the national interactive radio drama Tisinthe, coordinating stakeholders and broadcast deliverables.

Assistant Lecturer | University of Kent, UK | 2012–2015

- Designed, taught and assessed undergraduate courses through lectures, seminars and practical workshops with structured assessment and feedback.

EDUCATION

Master of Education (MEd), Teaching and Learning: University of Ottawa, 2020

Doctor of Philosophy (PhD), Drama (Practice as Research): University of Kent, 2014

MDrama, Drama — Multimedia Performance: University of Kent, 2009

SELECTED TOOLS

Articulate 360 (Rise, Storyline) · Adobe Captivate · Adobe Creative Suite (Photoshop, Premiere Pro, Illustrator) · Brightspace · Moodle · Microsoft Office

SELECTED PORTFOLIO EVIDENCE

Clinical simulation training: 48 actor-based video simulations; Brightspace implementation and QA; structured practice, assessment and formal evaluation.

Girls' education and life-skills curriculum: Complete programme and facilitator materials, including a national teacher-education resource with 90 participatory activities.

Refugee sponsorship training: Blended online and in-person learning developed with Refugee Hub, UNHCR and IRCC stakeholders, supported by a consistent visual language.
